.

The Valley Drive sidewalk improvement project includes pedestrian accommodation from Lynn Road to existing sidewalk on Valley Drive. The project will install a 5-foot sidewalk for an approximate distance of 2,800 linear feet along the east side of Valley Drive. Intersection improvements are also included to construct ADA compliant handicamp ramps.

.

Exhibit maps included in the backup materials are for illustrative purposes only based on present project projections; specific easement needs are subject to change to support and accommodate project construction prior to filing legal proceedings, if necessary.

Recommended Action: Adopt the resolution which authorizes condemnation to acquire the necessary property interests, to advance construction of the Valley Drive Sidewalk Improvement project if such property interests are not acquired by the City by voluntary conveyance on or before November 25, 2025.
