

Agenda Title: Encroachment - 9121 Six Forks Road - Permeable Paver Sidewalk
Meeting Date: September 16, 2025
Meeting Type: City Council Meeting - Third Tuesday - Work Session (11:30am) & Afternoon Session (1:00pm)
Department: Transportation
Sponsor: Daniel King

Agenda Item Description:

Daniel King, Transportation

.

From time to time the City receives requests from private property owners, firms, or corporations to encroach upon publicly maintained right-of-way for special construction, utility conveyances, monitoring wells, etc. Staff reviews these requests and upon satisfactorily meeting administrative and regulatory requirements, submits major encroachments to the City Council for authorization and approval.

.

The property owner at 9121 Six Forks Rd wishes to install a permeable paver sidewalk in the future right of way of Roland Lane to satisfy a zoning condition. This permeable paver sidewalk has been identified as part of SPR-0297-2024. Staff has reviewed this request and has no concerns with the instillation of the permeable paver sidewalk in the public right of way.

Recommended Action: Authorize the encroachment subject to completion of a liability agreement and documentation of proof of insurance by the applicant.
